

Button *Cardinal* Art

Materials

- paper with the printed design
- hobby knife (scissors will do as well, but it's easier to cut in the middle of a sheet with a hobby knife)
- contact paper
- buttons (red & brown)
- plastic jewel for beak
- glitter

Instructions:

1. Cut the bird shape out with a hobby knife and scissors from the template.
2. Apply contact paper to the back of the paper so that the sticky surface is exposed in the cutout. This is the main trick: everything will stick to the tape only, forming a nice crisp silhouette.
3. Cut the cardinal's mask out of the bird shape you cut in step 1. Attach it to the tape in the right place.
4. Attach buttons and jewel for beak. It works better to start at the edges first and then fill in.
5. Sprinkle glitter to fill in the spots that are left, after all the buttons are in place.
6. Shake glitter off.
