

# Cinnamon Stick Votive

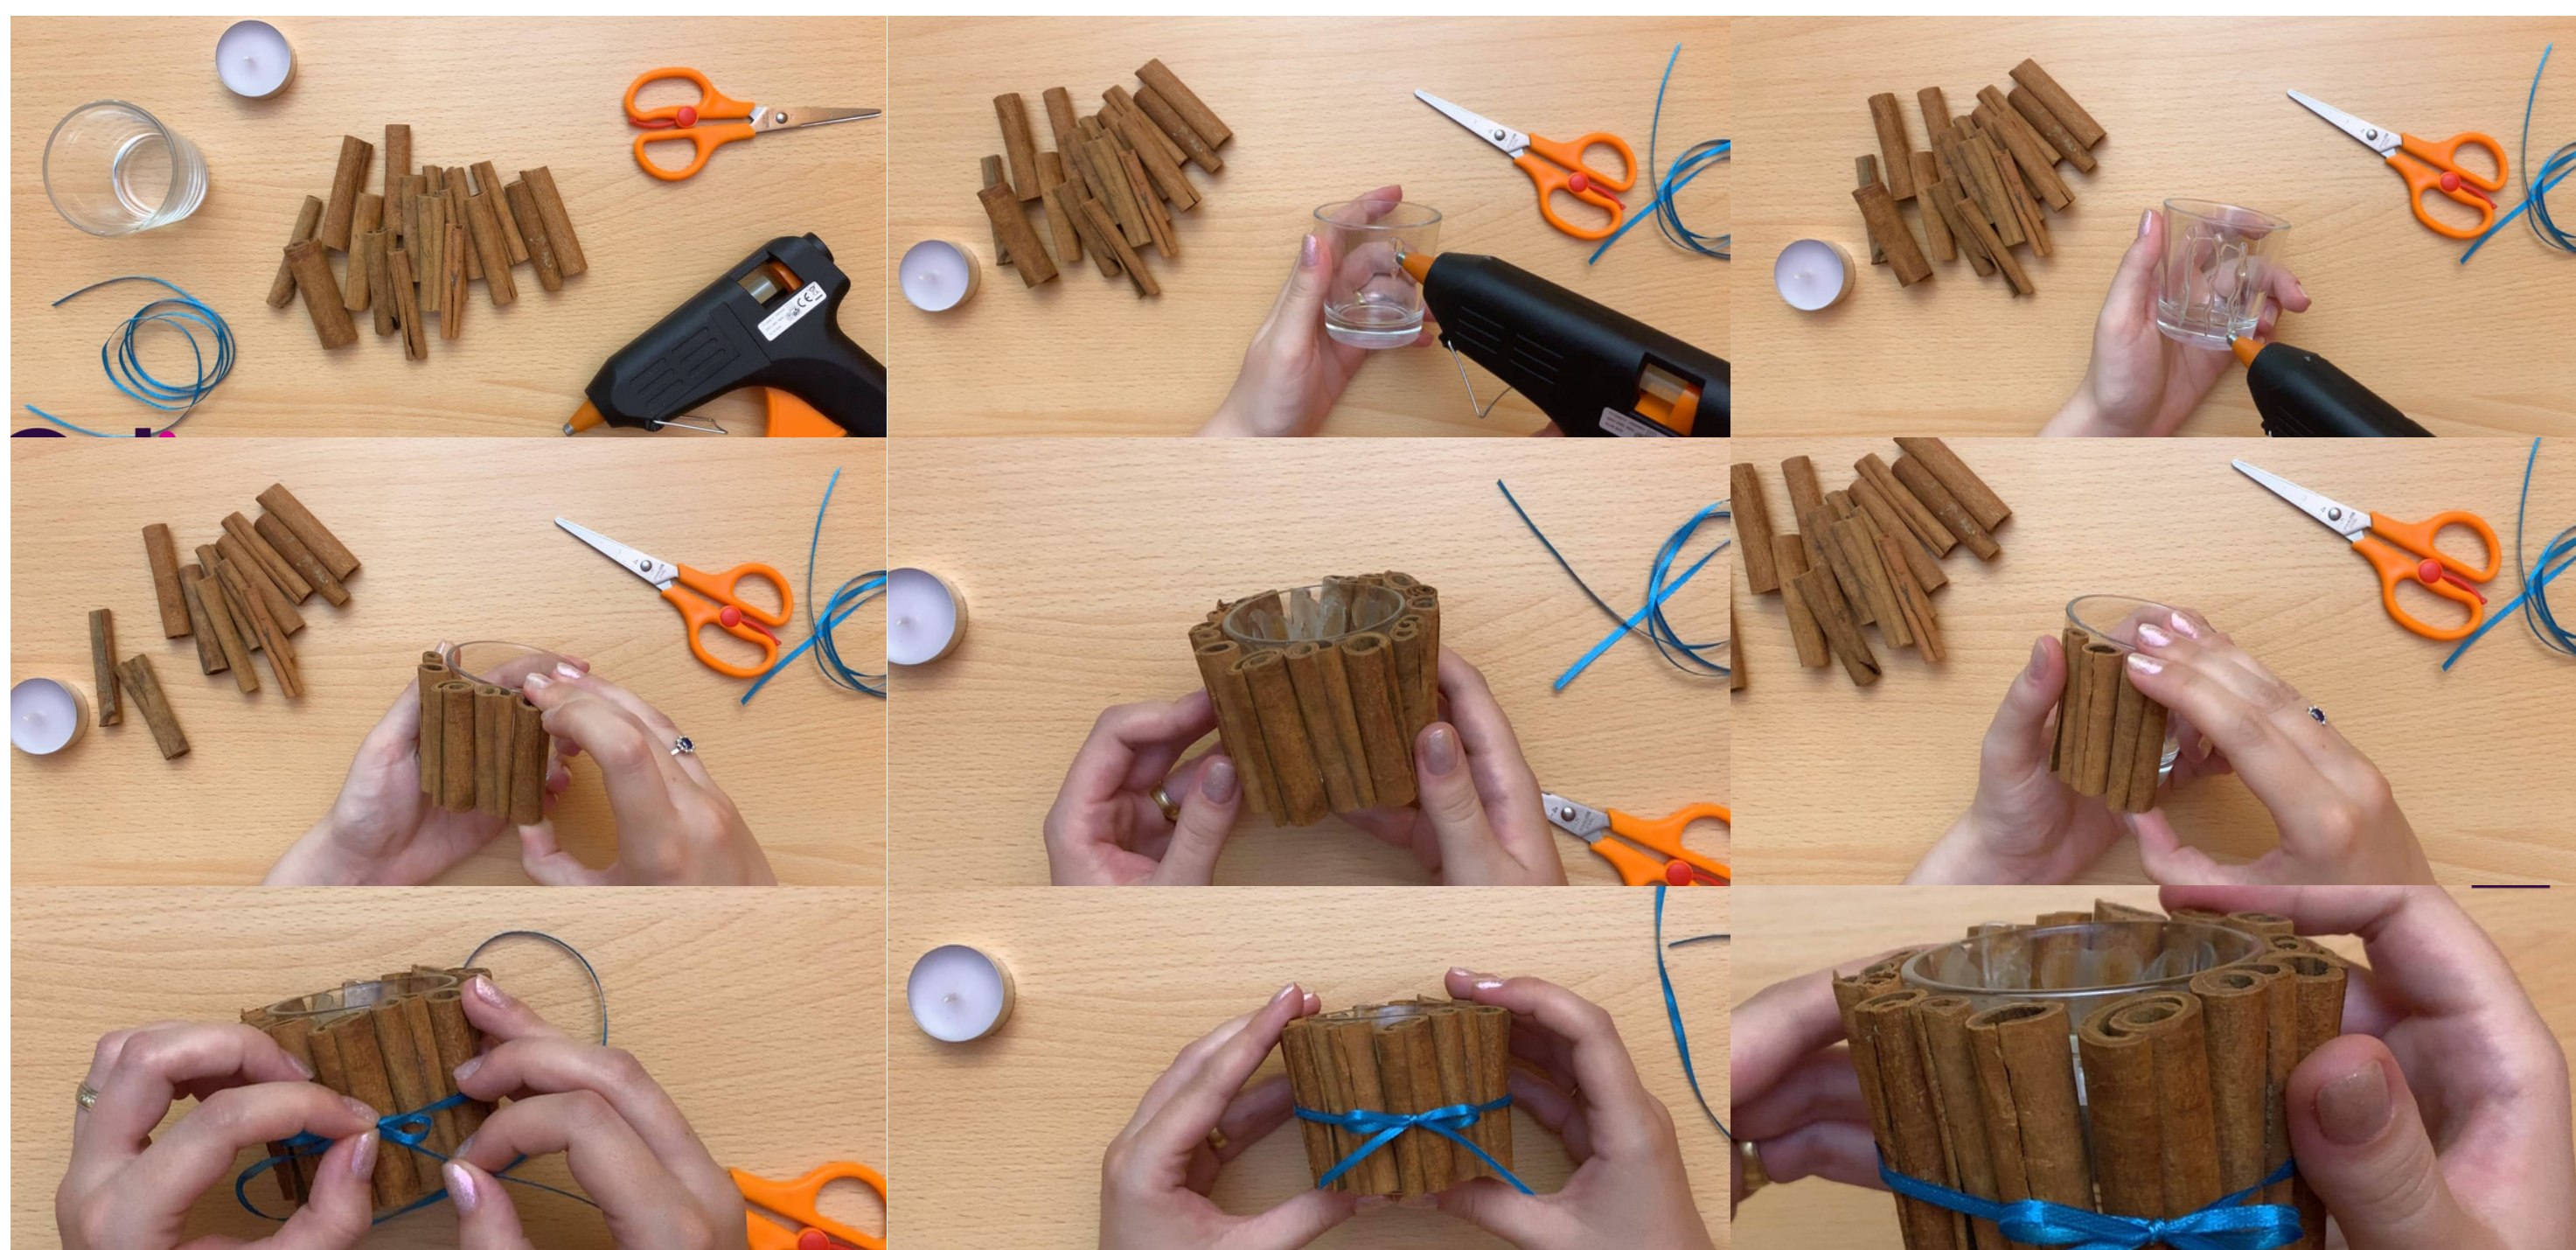

## Materials

- Cinnamon sticks
- Hot glue
- Glass candle holder
- Tea Light
- Ribbon
- Scissors

## Instructions:

1. Cut your cinnamon sticks to a length that is closer to the height of the glass tea light holder. Then start gluing them carefully onto the glass. Suggestion: Make the glue lines on the glass itself, rather than applying the glue to the cinnamon sticks. This way, you have a little more control over whether the lines are straight, and therefore whether the cinnamon sticks will sit straight all the way around.
2. As you make lines of glue on the glass, press the individual cinnamon sticks into the lines, holding them for a few seconds each to make sure they really settle into the glue and stick. We applied three lines of glue at a time and then pressed three cinnamon sticks down, one in each line, before going back to the glue. Repeat this process all the way around until the whole glass is covered in cinnamon sticks.

4. Light your candle and smell that wonderful aroma!
